The cold meets the warmth of the Bay and the mist rises to mute the new colors of the landscape. At the top the last wild flowers of the season open in punctuation to the fallen leaves.

She noted the ORR District School Committee reviewed this Act (Chapter 225) and is sending the information to the Selectmen should the committee ever decide to act upon the Act.

The Act states, "a regional school district may, upon a majority vote of all the members of the regional district school committee and, with the approval of a majority of the local appropriating authorities of the member municipalities, establish a stabilization fund and may, in any year, include in its annual budget for deposit in the stabilization fund an amount not exceeding five percent of the aggregate amount apportioned to the member municipalities for the preceding fiscal year or such larger amount as may be approved by the emergency finance board".

Marion Selectmen's Meeting

OCTOBER 4, 1988-by EUNICE MANDUCA
A Community Service of the
League of Women Voters

Helen Westergard, Marion Treasurer/Collector/Town Clerk, appeared to request that the Selectmen sign for notes in the amount of $22,000 in order for the street improvements on Cranberry and Boxberry Ways to proceed. These monies will be repaid to the Town by the property owners on those roads over a period of 5 years. They are private roads which were not properly finished by the developers and town officials have accepted the moral responsibility for improving the roads since it was the town's fault that the property owners have suffered from this neglect.

Fred Underhill informed the Selectmen that the question of the reorganization of County Government as recommended by the Plymouth County Charter Commission will be #5 question on the November ballot. Informational pamphlets have just been printed which doesn't give much time to educate the public as to the purpose of the Plymouth County Charter Commission.

Bruce West and Jack Cheney of the Village Post Office Committee reported that

THE B's ARE BACK!

Back in the glory days of the early '70's, Boston's pro hockey team was known as the Big, Bad Bruins. And in 1988 they're bigger and badder than ever!

Following a brilliant season in which they burst into the Stanley Cup final, the Bruins are back in all their glory.

They're bruising, bold, and breathtaking. They're Bourque! They're the best!

The B's are back. Back on top of their game. And back on NESN.

Come October another Bruins season begins. And once again NESN will deliver 40 regular season games plus the majority of Stanley Cup playoff games from Boston Garden.

word has been received from a Post Office official that Taber Hall would not be considered for the new location of the Village Post Office because it is located within the 100 year flood zone. It was voted to cancel the Special Town Meeting scheduled for October 11th but the Committee was encouraged to pursue the matter and report back to the Selectmen at a later date. The Committee was assured that the Selectmen would assist in any way possible.

Charles Paulsen, Marshall Severance, Kathy Feeney and James Fallon of the Finance Committee met with the Selectmen to start the budget process for FY 90. Mr. Paulsen stated that the initial budget appears to be $150,000 in the red and any Capital spending will have to be by override. Mr. Paulsen also said he was pleased with the intelligent participation of townspeople at last year's Town Meeting. The Finance Committee will be setting up meetings with department heads in the months ahead and will recommend that all capital items be listed in order of priority.

Nancy Menzel of the Conservation Commission and Susan Schwager, a volunteer environmentalist with A.C.E.C. (Areas of Critical Environmental Concern), an arm of the Mass. Coastal Zone Management (C.Z.M.), spoke of plans to consider the Sippican River a scenic river. Any ten citizens can apply for the designation under the A.C.E.C. and there will be a public meeting at the Town House on October 20th at 7:30 p.m. to inform the people of the intent of the designation and to reassure property owners in the area that there will be no land taking for this purpose. All abutters will be notified of the meeting.

mit Process for the necessary paper work to begin repairs to Island Wharf but it is a long process and unlikely that any work can be done before winter. He also said that the flushing program is continuing and Rochester will be notified so they will be prepared for discolored water temporarily. The water and real estate bills will be in the mail in December. The Selectmen declined to give an abatement to a water user who had a very high reading because the meter had been replaced and all town connections checked and the water had entered the home in question and been recorded on the water meter. It is the homeowner's responsibility to control the flow of water once it goes through the meter. Mr. Pickles reported that, in a meeting with the Planning Board, it was decided that safety considerations required the town to widen the curb cut at Hill Street and Route 6 so a vehicle entering the road could get off the main road more quickly. There are many legal problems to be clarified and these will be worked on but the Town will grade and surface Hill Street as far as $4,000 will take it. It was suggested that the Dexter Beach area residents form an association similar to the one in the Berry Street area and assess themselves to cover the expense

of improving their roads and the town will cooperate. The Planning Board has requested 20 hours of SRPEDD time and this was agreed on because that is the amount of time which they have been scheduled for. Mr. Pickles announced that Mr. Kenny of the Old Landing Condominiums is in violation of several building regulations and has tenants or owners in units for which no occupancy permits have been issued. A notice will be sent with a date for compliance.

Board of Health Chairman Loretta Schaefer opened the hearing for a septic system permit for the Georgas property on Planting Island. Members of the Board had verified the coastal bank location and Mrs. Schaefer and Selectman John Hoagland voted in favor of granting the permit. Mr. Pratt abstained because he felt that that was a very fragile piece of land and should not have been built on even though the system is within the Title 5 requirements.

From the Alcoholic Beverage Control Commission, a notice that a hearing will be held on October 27th at 11:30 a.m. in Room 2203, 22nd floor, the Saltonstall Building, 100 Cambridge Street, Boston, MA. 02202 re: the denial of the Marion Kitchen application for a beer and wine license by the Town of Marion.

From Mr. F.T. Iddings, an offer to the town of a 5 foot strip as a right of way on his property on the old railroad right-of-way and the full 65 foot area where it abuts Washburn Park. The Selectmen voted to accept the gift.

The fifth annual MMR Tri-Town "Dollars for Scholars" Phone-a-Thon will be held on Saturday, October 15th, from 10 to 6, and Sunday, October 16th, from 12 to 6. During this time volunteers will be calling tri-town residents seeking pledges for the MMR Scholarship Fund. members of the community to come and learn how to repair them. The only fundamental skill needed is an ability to apply scotch tape in a straight line.

A bookmending workshop is scheduled in the school library Monday, October 17, 9:30 to 11:30 a.m. (come early for coffee). It is open to everyone. Readers are asked to spread the word.

It is hoped that, after attending the workshop, participants will join the bookmending circle that will meet in the library every Monday from 9 to noon starting October 24th. Volunteers are encouraged to join the group as often as possible. There are always books in need of repair and this activity is a proven way of extending the life of favorite books and stretching the library's budget by at least $800.

Mattapoisett Growth Management

by CONSTANCE KEAVY

The Mattapoisett Growth Management Committee met on Thursday, September 29th, at Village Court at 7:30 p.m. Chairman Peter Kortright and the committee observed a moment of silence for Henry Dunseith who passed away unexpectedly. Henry had always offered comments and suggestions for the committee to consider and always took an active interest in community affairs. He will be missed.

Martha Peterson discussed the Open Spaces surveys which had been filled out by townspeople and returned to the Open Spaces Sub-Committee. Out of 2,700 surveys mailed out to residents, about 300 were returned. The results are being tabulated by SRPEDD before October 31 to prepare a preliminary open spaces plan for Mattapoisett. William Napolitano, Senior Environmental Planner for SRPEDD, will tabulate the results and present them to the M.F.M.C. at the next meeting on October 20 at 7:30 p.m. at Village Court. All residents are urged to attend this meeting and discuss these plans. After a series of public meetings, it is hoped the town will adopt the plans as a permanent

five-year plan for the town. We must protect what is left before "progress" gobbles up our resources. We have a responsibility to the future.

Martha went on to discuss the Nunes property. The state is interested in this site because it adjoins West Island and it is conservation land. Whatever environmental damage is caused to the Nunes property and Shaw's Cove from pesticide run-off will surely impact West Island. This potential dmaage is what concerns the Mass. E.P.A. and the Audubon Society. There are endangered species in both areas. Shaw's Cove is now already closed to shellfishing. What further environmental damage will be caused by a golf course?

Robert Coquillette and Constance Keavy of the Historic District Sub-Committee reported that the work tasks are on schedule. The preliminary report has been forwarded to the Massachusetts Historical Commission for review and comment. When the subcommittee receives the results, a series of public meetings will be scheduled for the community.

Mike Dahill of the Harbor Committee stressed the importance of and the need for the harbor regulations to be presented at an open meeting sponsored by the Selectmen.

The town must be ready for the next season and we must start moving now to meet the deadline. We need the support of the town to accomplish our goal - the regulations are ready to be discussed at an open meeting.

We've accomplished our task - let's implement. The committee feels that the only way to protect our harbor and resources is to act now.

Mr. Roger Thompson presented the committee with proposed wetlands by-laws which he authored. This was an enormous effort on his part and the committee expressed its appreciation and gratitude. The proposed by-laws hopefully will be incorporated into the open spaces plan for the town to be presented at a public meeting in the near future.

June Mendell, Housing, told the committee that the position of "site consultant" will be advertised to expedite the planning of affordable housing sites. A $7,500 grant was set aside for this position. Two hundred and four million dollars has been designated for Mattapoisett - sites for affordable housing.

1) 18 congregate units
2) 12 scattered family units
3) 8 special needs (to be funded separately)

The next meeting of the Mattapoisett Growth Management Committee will be held on Thursday, October 20th, at Village Court at 7:30 p.m. Come and hear Bill Napolitano's preliminary open spaces plan for Mattapoisett. All are welcome.

Alcoholism and Substance Abuse

MARION CENTER FOR HUMAN SERVICES
2 AWARENESS HOURS PRESENTATION

The Marion Center for Human Services continues its series of fall awareness hours with two presentations in October on alcoholism and substance abuse, its effects on families, and choices for recovery. The presentations are free of charge, and the public is cordially invited. This month's presentations will be held on Saturday, October 15th, and Saturday, October 29th, at the Marion Center, 335 Wareham Road in Marion, from 10:00 a.m. to 12:00 noon. Each awareness hour will feature a short film followed by time for questions and discussion.

"Our first awareness hour in September was very successful", comments the Marion Center's Acting Executive Director, Nancy Mahoney. "It was a friendly-sized group, where people felt comfortable asking questions about a family member's drinking, and about what they can do, and getting information and support both from Marion Center staff and from others who were attending."

October 15th's awareness hour will feature a film called "Feelings", narrated by Father Martin, which discusses the many emotions felt by alcoholics and by their families. "Emotions are what we have the most of and know the least about", Father Martin begins. The film then explores both positive loving feelings and negative angry ones, encouraging us not to feel guilty about our negative feelings but to let them in, handle them and let them work for us.

On October 29th, a film called "The Family Trap" will be shown. Narrated by Sharon Wegscheider, author of several books on

Mattapoisett Council on Aging

The Mattapoisett Council on Aging reports there are application forms in the office for the Senior Citizens' Program with ComGas. This is a form a senior who is 65 years or older can fill out for discounts on services and repairs of ComGas appliances.

This does not apply to discounts for heating with propane gas or with ComGas unless the senior is on Social Security and S.S.I.

The savings are substantial and well worth a visit to the office to fill out a form. We will see that the application is forwarded to the property agency.

Kimberly Pratt describes herself as a "maker". When presented with moving or compelling ideas and images, she feels "forced to 'make' something from it. The form, media and technique vary in response to each creation..." This exhibit reflects an on-going love affair with the southwest which she first visited two years ago. She states: "I find the landscape full of texture and space. I am drawn by the quality of light and color." REPEAT OF A SELLOUT!!!!

Earlier this year, Pentax announced a new line of lenses. We bought every one of their "close-outs". They were Pentax-made, top quality and fully warranteed. Originally sold at $129.00 or more, we offered them at $69.00, and they vanished. Now, as luck would have it, we found exactly 14 more in a wholesaler's warehouse. If you own a PENTAX (or Chinon), better move quickly. They are 150mm telephotos.... sharp and top quality. Please hurry. At $69.00 they won't last long. Put yours to use today or stash one away for gift-giving, but HURRY.

PROGRAM ON ARCHEOLOGY

Come out, all you closet archeologists! If you have always harbored a fascination with the field of archeology, but have never quite gotten around to pursuing it any further, here's the perfect opportunity to spend an educational and fun afternoon learning more about it.

The Lloyd Center for Environmental Studies in South Dartmouth will sponsor a program titled "Introduction to Archeological Discoveries" on Sunday, October 16th, from 1:30 to 3:30 p.m. at the Center's main building on 430 Potomska Road.

Led by archeologist Diane Duprey, this workshop will feature discussions on how an archeologist identifies a site, how to write a site report, how a site is dated, the tools and methods of excavation, and how the artifacts tell a story of the people who made them. Actual artifacts will be shown and discussed as well, putting history in your hands.

To sign up or for more information on this or any program at the Lloyd Center, call Diane Duprey at 990-0505. This and other Lloyd Center Weekly Walks and Talks is offered to the public free or charge thanks to the generosity of Marianne MacDonald Real Estate, Inc. of South Dartmouth.

GRANTED - Robert B. Brack, 8 Sassamon Road, Natick, relating to property at 18 Water Street, for an amendment to a prior decision by the Appeals Board for alterations to a single family dwelling at 18 Water Street in the Village Residence District. Proposed plans at the time (June 29, 1988) have not been met as the applicant has been unable to obtain the easement of license from the Duffs for new encroachments, which was made a condition of the Special Permit granted earlier. The roof line overhang on the east side of the house that constituted the new encroachments has been eliminated in the revised plans. Other changes include shortening the main floor of the south wing as it extends southerly to the water by two feet three inches, increasing the deck extension of the south wing by 30 inches, changing windows and providing for a V-shaped cantilevered overhang over the bay window. No one appeared at the public hearing in opposition to the revised proposed alterations.

GRANTED - David P. Cameron, 10 Mattakisett Road, relating to property at 8 and 10 Mattakisett Road, for construction change to a single family house on Lot 99, one of

two lots in the application for consideration, including removal of an attached shed at the rear, squaring off of the master bedroom to the east, the addition of a garage. Because the literal enforcement of the one single family dwelling unit permitted under the zoning by-law would involve a substantial hardship that allowed the applicant to use the property for two single family dwelling units and granted a variance for this purpose. The proceeding involved a total of six public hearings, the last on September 21. The public participation phase of the public hearings was reopened on August 25 to consider further information to be presented by proponents and opponents of the application in light of subsequently-filed submissions of letters and attached documents by attorneys for the applicant and Carolina B. Trocchi who appeared in opposition. Mrs. Trocchi is the owner of land abutting the applicant's property. The application has been vigorously contested. Disputes have arisen relating to actions by town boards and officers affecting the applicant's property in the 1960s before and after the adoption of the zoning by-law in 1967, and the legal con-

Among the documents received are a letter from William T. Nicholson, Superintendent of Water and Sewer Department, dated June 19, 1988, Thompson's definitive plan of May 1967, with endorsements by the Planning Board and the Board of Health, a certificate of the town clerk, building permits and drawings of proposed construction changes; plus a Planning Board record dated June 16, 1968 showing submission of definitive plans for creating a new right-of-way. The Appeals Board determined the 1967 definitive plan has not been amended by naming the strip of land by an officer of the Town and is a 40-foot wide way designated as "future road" and is a combination of an easterly 20-foot strip located on the applicant's land and a westerly 20 foot strip located on land owned by others. The applicant never acquired the westerly 20 foot strip or any easement interest in it. It is unlikely that he will ever be able to do so as the property is now owned and used by the Mattapoisett Housing Authority. The applicant is left with an approved plan that cannot be

STAGES "WEB OF MURDER"

Theatre One Productions stages the mystery-comedy "Web of Murder" October 20, 21, 22, 28, 29, November 4, 5 at 8 p.m. TOPs is located on Route 105, North Main Street in Middleboro.

"Web of Murder" is a gripping and suspense-filled murder/mystery/comedy in which the tension is deftly relieved at the right moments by the "zany doings" of some of its characters. Set in a brooding Victorian mansion high on a remote bluff above the ocean, the play centers on the rich and eccentric woman, who has called together her potential heirs for an advance reading of her will. She knows that it will please some and disappoint others.....unless they take the sinister steps necessary to protect their interests.

Come join us in our presentation of "Web of Murder" for a great evening of fun and suspense. For further information call the theatre at 947-1880. We accept Visa/Mastercard.

"Picture New England" Lecture SERIES AT HERITAGE

"Picture New England", a slide lecture series, will be presented by Ronnie Zakon Siegel at Heritage Plantation of Sandwich on five consecutive Wednesdays, beginning October 19th, and will run through November 16th, from 10:00 a.m. to 11:30 a.m. This program will take place in the Theatre of the Round Barn.

The series will celebrate the faces and places of New England in paintings by American artists from the Colonial Period through the end of the 19th century. Landscape painters sought New England's distinctive scenery for its variety and spectacular seasonal changes, such indigenous rural industries as cranberry picking and maple sugaring found expressions by Eastman Johnson, while Winslow Homer captured the essence of New England rural life from Gloucester to Maine. Indelible are the portraits of New Englanders themselves, from John Singleton Copley's records of the sturdy colonial spirit to John Singer Sargent's elegant images of Boston's fashionable society.

Ms. Siegel returns to Heritage Plantation this fall to present her seventh Art History Lecture Series Program. Her dynamic speaking style will enchant the audience once again.

According to Native American tradition each individual is born with an animal as spirit guide and teacher. To become conscious of one's totem is to awaken to one's power. To live by one's totem is an act of courage. Silverhawk opens us to the enriching experience of living metaphorically as she shares her knowledge of animal totems and her experience of the hawk.

A native of Gloucester, Fitz Hugh Lane (1804-1865) gained a modest reputation for his seascapes and coastal views during his own lifetime. Today, he is considered America's foremost marine artist. eye talk

Q. How can I tell if I have glaucoma?

A. It's best not to try to diagnose glaucoma yourself. By the time you notice symptoms, part of your vision may be gone forever.

Our eyes are filled with a fluid. When our body makes too much of this fluid or drainage is blocked, pressure builds inside the eye and can damage internal parts. This is called glaucoma.

By measuring your eye's pressure, examining your optic nerve during an internal eye health examination and performing other tests, your optometrist can diagnose glaucoma signs far earlier than you can. Everyone over 35 or anyone with a family history of glaucoma should have these tests annually as part of a thorough eye examination.

Glaucoma can usually be controlled or stopped with drug or surgical treatment but vision destroyed by it can never be regained. Early diagnosis and treatment are, therefore, important.

Under the artistic direction of Robert Denvers, the company has made great strides and today is placed among the world's most notable dance companies. Denvers had worked as a dance teacher for many prestigious ballet companies in New York, Copenhagen, Paris and Stockholm. His close association with George Balanchine has given him an insight to this great master's style and technique.

At the Zeiterion, the company's program will include "Allegro Brilliante", "Go! Said Max", "Symphony in D", and "Don Quixote-Act III". "Allegro Brilliante", choreographed by George Balanchine, is a purely classical work and a technically-demanding ballet. "Go! Said Max", choreographed by Lynne Taylor-Corbett, is a pas de deux which is both classical and contemporary in a zesty, fast-paced style. "Symphony in D", choreographed by Jiri Kylian, is an extremely good-natured parody of the ballet world presented in a highly-entertaining manner. "Don Quixote - Act III" is choreographed by Rudolf Nureyev after the original choreographer, Marius Petipa.

The Merrill Lynch International Series will continue on Wednesday, February 22, with Mummenschanz, the mime trio from Switzerland, and conclude with The Magnificent Mazowski, a Polish dance troupe, on Wednesday, April 5th.

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford.
